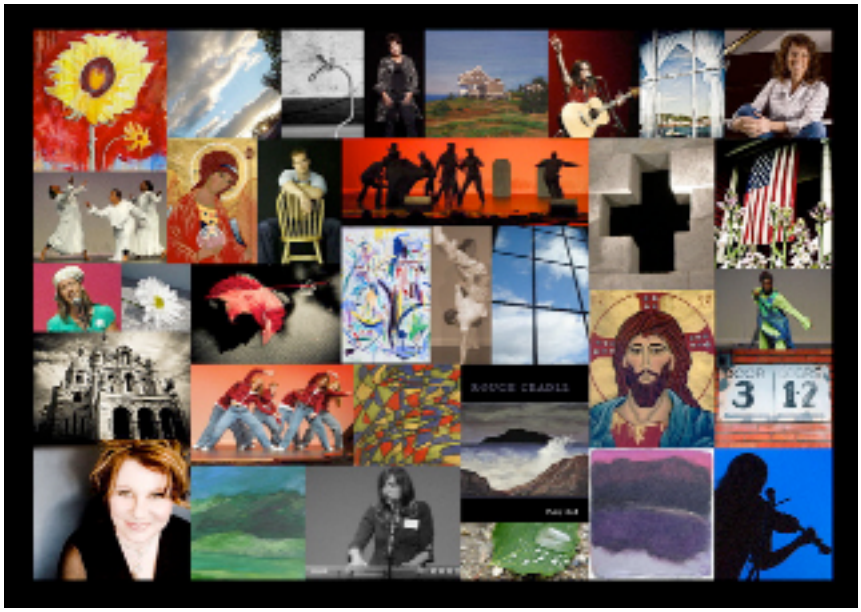
His Gifts and Presence ~ New England Arts Festival 2009

Founded in 2001 by Maine artist Barbara Bagshaw, the New England Christian Arts Council has grown into a thriving non-profit organization of musicians, dancers, singers, fine craftsmen, writers, and visual artists from all over the world. We work to connect, educate, and inspire the global community in the arts.



Tenley has the voice of an angel and the heart of a saint. We have had the pleasure of working with Tenley Westbrook for the past several years at our international, interdenominational arts event. We will be featuring her yet again this year. She is professional, courteous, and a powerful music minister.

Tenley ministers honestly from a transparent, heartfelt, love relationship with her Lord. I own her CD *I Believe* and recommend it!

Thank you,
Barbara Bagshaw
